

Take Control of Fund Shareholder Communications with dpsiDOX Lite

Meet dpsiDOX Lite, an easy-to-use, fast-to-deploy, cost-effective fund content management platform.

Make Big Moves on a Smaller Budget

dpsiDOX Lite is specifically built for faster implementation and deeper collaboration for fund companies on a budget. This user-friendly solution provides unprecedented control, collaboration and project management capabilities at a reduced cost.

Savings & Support:

- ✓ Self-service
- ✓ No minimums
- ✓ 24-hour support
- ✓ Lower cost than full-service automated publishing systems

Deploy in 60 Days or Less

dpsiDOX Lite's content analytics platform simplifies the document preparation process by automatically preparing your content for the system.

- Rapid onboarding with content analysis tools
- Less resource demands on your teams
- Less maintenance and upkeep

Improve Output

dpsiDOX Lite's content output tools provide more options than any other platform on the market.

- Word & PDF export
- Fully automated EDGAR HTML output
- Fully automated XBRL
- In-house publishing team or financial printer-ready output
- Chart automation

Work Instinctively

dpsiDOX Lite is built on Microsoft SharePoint® and Microsoft Office®, applications that your team already uses, speeding up the adoption process and making teamwork a breeze.

Streamline Collaboration:

- ✓ Microsoft Office® editing
- ✓ Version history
- ✓ Permission levels
- ✓ Online production tools
- ✓ Complete audit trail
- ✓ Approval process
- ✓ Linked spreadsheets
- ✓ Content analytics tool

Simple, Transparent and Economical Pricing

\$2,495.00 per fund, per year

Includes:

- ✓ Unlimited funds, proofs, document versions
- ✓ Up to 5 system users
- ✓ Email and phone support
- ✓ Training
- ✓ Word, PDF, HTML and XBRL Output
